GERMANY WILL MAKE AMENDS

Berlin Admits Submarine Sank
Steamer Sussex.

NOTE REACHES WASHINGTON

Facts Submitted by the United States
Are Conceded to Be Correct and
Commander of Diver Has Been Pun-
ished for Violating Instructions.

Washington, May 11.—The United States will accept the German statement contained in a note received saying the commander of the submarine which disabled the Sussex has been punished and that Germany, admitting the attack, will pay adequate indemnity to injured Americans.

The case of the Sussex now is considered closed except for the payment of the indemnities.

There probably will be no attempt to negotiate for these or for final settlement of the Lusitania and other cases pending, however, until sufficient time has elapsed to indicate how the last American note was received in Berlin and whether the new submarine policy is being lived up to.

Results of an investigation based on facts supplied by the American government, the German communication says have shown that the contention originally set up by the Germans that the explosion of the Sussex was to be traced to a cause other than a German submarine attack cannot be maintained.

Officials of the state department noted particularly the passage of the note which read:

"In view of these circumstances the German government frankly admits that the assurance given the American government that passenger vessels were not to be attacked without warning has not been adhered to in the present case."

This is regarded as indicating a purpose on Germany's part to decline to pay indemnities for Americans killed or injured in attacks on ships other than passenger liners prior to the date of the last note in which the German government promised that freight as well as passenger vessels would not be attacked without warning or without provision for the safety of persons aboard.

Any response to the note received probably will make a distinct reservation of American rights on this point.

BELIEVE WRANGLE IS OVER

Germans Regard Submarine Controversy Settled.

Berlin, May 11.—With the presentation of President Wilson's note, in reply to the German note on the submarine issue, the German-American submarine controversy is regarded here as settled and negotiations so far as they concern the past are virtually closed.

Germany holds that its orders to submarine commanders were issued without strings or conditions and will take up the latest note for further discussion.

Both the Lokal Anzeiger and the Zeitung Am Mittag regard the note as acceptable to Germany.

COLONEL SCOFFS AT WILSON ULTIMATUM

New York, May 11.—"I haven't any interest in ultimatums that fail to ultimate," remarked Colonel Roosevelt, commenting on the Wilson rejoinder to the German submarine concessions.

"The latest Wilson note is up to his usual standard," he continued. "Whether they apply to Villa, Obregon, Carranza or the German empire, I don't care for ultimatum that don't ultimate. It is peculiar that we adopt one standard toward Hayti because it is small and another towards Mexico, because it is bigger. It is indefensible."

NO ONE KILLED IN YEAR ON 325 ROADS.

Chicago, May 11.—All railway safety records were broken in 1915 when 325 American roads, reporting to the bureau of railway news and statistics here, went through the entire fiscal year to June 30 without a single fatality to a passenger in a train accident. These roads operate over 161,948 miles. All American roads in 1915, operating over 250,000 miles of line, reported 196 passengers killed.

BARON WINBORNE.

Lord Lieutenant of
Ireland Has Resigned.

London, May 11.—The Marquis of Greve announced in the house of lords that Baron Wimborne, lord lieutenant of Ireland, has resigned.

Baron Wimborne's resignation came as a result of the widespread criticism of the administration of Irish affairs, following the recent outbreak in Dublin.

Baron Wimborne was appointed lord lieutenant of Ireland in January of last year in succession to Lord Aberdeen.

SUPPORT MOVEMENT FOR CONSTITUTION

London, May 11.—The Irish parliamentary party has issued a manifesto to the people of Ireland, calling upon them to support the constitutional movement as the only one by which their aspirations for self-government can possibly be realized.

"Another tragedy says the manifesto, 'has been added to the long tale of tragedies of Irish history. The capital of Ireland has been the scene of a mad and unsuccessful attempt at revolution. Blood has been shed freely.'

"It is true that Ireland has been shocked and horrified by a series of military executions by the military tribunals in Dublin. These things have been done in the face of incessant and vehement protests of the Irish leaders and these protests will be pressed continually and strongly until the unchecked control of the military authorities in Ireland is abolished.

"But it is also true that, in spite of bitter provocations, the people of Ireland have had no hesitation in condemning the rising in Dublin as a dangerous blow at the heart and hopes of Ireland."

TO WED SOCIALIST WRITER

Woman Banker of Girard, Kan., Is Loyal Republican.

Girard, Kan., May 11.—Miss Anna Marquet Haldeman, Girard's woman banker, is to wed. Her engagement to Emanuel Julius, a writer employed on the Appeal to Reason, has been announced. The date of the wedding has not been set.

Miss Haldeman is a niece of Jane Addams of Chicago, in whose name the announcement of the engagement is made.

"Mr. Julius is a strong Socialist and I am a loyal Republican," Miss Haldeman said. "He will continue in his work for the Socialist party and I will continue in my work for the Republican party."

FRIENDS STAND BY SMITH

Will Start Him in as Banker When His Term Ends.

St. Paul, May 11.—When Walter J. Smith, former state treasurer, leaves the state prison at Stillwater he will be elected president of a bank which is being organized. The backers of the bank will be Mr. Smith's friends in St. Paul, Duluth and on the iron range.

Sam Fullerton, former deputy fire marshal and state game warden, visited Mr. Smith several days ago and told him of the good fortune that awaits the expiration of his five years' sentence or parole.

Archibald M. Chisholm, Duluth capitalist, is one of the organizers of the bank which Mr. Smith will head. Mr. Chisholm proposed the plan and it has been taken hold of by Mr. Smith's friends here.

The bank will have a capital stock of \$50,000. It will probably be in one of the towns on the iron range.

Mr. Smith is serving an indeterminate sentence of one to five years. He has been in prison only a few weeks.

Probably Last Irish
Leader is Executed

(By United Press)

London, May 11.—Thomas Kent is the thirteenth Irish leader to be executed and probably is the last to pay the penalty unless Sir Roger Casement is convicted of treason. Speculation is being made over the probable successor to Lord Lieut. Wimborne, of Ireland, who resigned on account of the Dublin outbreaks. Under Secretary for War Tennant and Winston Churchill are mentioned.

French Air Hero
Challenges German

(By United Press)

Paris, May 11.—Lieut. Navarre, the 21 year old French air hero, dropped a second manifesto behind the German lines challenging Lieut. Immelman, the German air hero, to a battle for the championship of the world. Immelman, who ignored the first challenge, is credited with bringing down 15 enemy aeroplanes.

Affiliation Move
Up to Republicans

(By United Press)

New York, May 11.—Members of the progressive national executive committee have indicated that it is up to the republicans to make the next move for affiliation or amalgamation. The party stands for peace, but not peace at any price, in reference to amalgamation.

Declares German Note
Is Nothing but a Trap.

Photo by Pach Bros.

Frederic R. Coudert, the noted international lawyer, asserts that the "pretended concession" of Germany's latest note to the United States on the submarine issue is "intended to trap us into a conflict with Great Britain."

Steamer Founders
Many Lives Lost

(By United Press)

San Francisco, May 11.—Steamers are combing the waters for four missing life boats from the foundered steamer Roanoke, probable that 47 lives are lost. Joseph Erbe, a survivor, told the story. The accident occurred 188 miles from San Francisco, the sailors in the life boats died one by one in the boats suffering from exposure. Capt. Dickinson plunged into the sea to save his wife and perished with her.

WILL NOT ABANDON FIGHT

Filipinos Still Hope to Obtain Their Independence.

Washington, May 11.—Manuel Quezon, one of the Philippine commissioners in congress, and other leaders in the fight for independence, have given notice that although they are ready to accept the Philippine bill without the Clark amendment, and have given up hope for fixing a date for independence at this time, they have by no means abandoned their hopes. The house bill promises independence when a stable government is assured, but fixes no time. The Clark amendment fixed the time at four years.

STILL FIGHTING AROUND VERDUN

French Report Repulse of German Assault.

HEAVY SHELLING CONTINUES

Infantry Attack on Left Bank of the Meuse is Preceded by Terrific Bombardment—French Troops Capture Part of German Trench.

Paris, May 11.—The official communication issued by the war office reads:

"On the left bank of the Meuse, after a violent bombardment, the Germans launched a strong attack on our positions in the neighborhood of Hill 287. This was completely repulsed.

"A small offensive action carried out by our troops on the slopes west of Dead Man's hill permitted us to occupy some parts of a German trench."

Surrender Inspires Russians.

Petrograd, May 11.—The British reverse at Kut-Ey-Amara, instead of causing the Russians to abandon or change their plans for invading Mesopotamia, appears rather to have inspired them with a fresh incentive for reaching one of the principal objectives of their Causasian campaign.

Submarine Sinks Transport.

Paris, May 11.—A French submarine sank an enemy transport laden with war material in the lower Adriatic sea, says a Havas dispatch from Rome. No information was forthcoming as to the number of persons on the transport or the casualties.

Estimate of German Losses.

London, May 11.—More than 700,000 German soldiers have been killed to date and 1,781,319 wounded, according to a press bureau announcement, based upon official German casualty lists.

FOUR HELD IN SHIP PLOT

Three Americans and Chilean May Be Executed.

Mazatlan, Mex., May 11.—Three Americans and one Chilean officer of the American power schooner General Mariscal of San Francisco, which was destroyed by fire in the harbor of Acapulco, April 12, have been placed under arrest by the Mexican port officials at that place in connection with the loss of the vessel.

All will be brought to trial and, if found guilty, executed.

WILL NOT INSIST UPON ROOSEVELT

New York, May 11.—The Progressive party will not insist on the nomination of Theodore Roosevelt for president of the United States if the Republicans name a candidate at Chicago "who stands for Progressive principles and is able to put them through," according to a statement made by George W. Perkins after a meeting of the executive committee of the Progressive national committee.

"We, of course, are for Colonel Roosevelt," Mr. Perkins declared, "and shall suggest his name to the Republicans. If they reply that they will not agree on the colonel we shall ask them to name one who ought to be as nearly unanimous a choice as our man is.

"We are willing to be reasonable for the sake of harmony."

TWO SEEK TREASURERSHIP

La Follette Forces Expected to Add Third to Wisconsin Contest.

Madison, Wis., May 11.—Outside of the fight for governor this year one of the most interesting contests will be for state treasurer.

Henry Johnston will be a candidate for re-election. The announcement of Paul Schardt of Gillett, conservative Republican has been made and it is said the La Follette forces will bring out a candidate.

TOWN ALMOST WIPED OUT

Loss of More Than \$100,000 Caused by Fire at Dooley, Mont.

Plentywood, Mont., May 11.—The village of Dooley, fourteen miles northeast of here, was nearly wiped out by fire, entailing a loss of more than \$100,000. The fire started in a department store. The Citizens' State bank was among the buildings destroyed.

RESOLUTIONS ADOPTED

Praising Work of Retiring County
Agricultural Agent A. J.
Gafke

At a meeting of the advisory board
of the Chamber of Commerce held
May 8, 1916, the following resolution
was unanimously adopted:

"Whereas, Mr. A. J. Gafke, our
county agricultural agent, has been
called to similar work in a larger
field and has in consequence resigned
his position among us, and inasmuch
as we fully recognize the value and
efficiency of his efforts of the past
years, as well as the cheerful co-
operation and assistance of his good
wife, in this needed work. Therefore
be it

Resolved, that we, the advisory
board of the Chamber of Commerce
of Brainerd, Minn., express to them
both our appreciation of their ser-
vices here, and hearty good wishes
for their success in their new under-
taking. And be it further

Resolved, that this resolution be
spread upon the minutes of this
meeting, and a copy thereof be for-
warded by the secretary to Mr. and
Mrs. Gafke."

headquarters is right here in Deer-
wood although she spend her nights
in Ironton.

A new train was given the range
this week, No. 737. This train ac-
cording to the time table makes its
headquarters at Deerwood and con-
sists of one combination coach and
other necessary cars. Number 737

will run only between Deerwood and
Ironton and Deerwood and Orelana.
Other business will be taken care of
by the "Old Widow" which arrives
here at 8 o'clock in the morning and
goes as far as Aitkin and the Kenne-
dy mine. On the time card this train
is listed as an extra.

The new train will meet the 8
o'clock in the morning also the 11:30
a. m. train and take passengers home
these and later it is proposed to meet
all passenger trains in Deerwood.
This makes Deerwood a change point
so that hereafter the conductor on
approaching Deerwood will call
"Deerwood—change for Ironton,
Crosby, Riverton and all range
points."

Turning Loose the Sunshine.
"It's a dark day," some one said to

A Stubborn Husband.
A most interesting phenomenon is
the stubborn husband. He is not a bad
man. He is contrary, and he has to be
managed. He is usually married to a
clever little woman, who is constantly
devising schemes to accomplish the
things which make their joint lives a
success.

He has no suspicion of this. If he
had he would be so mad he could un-
doubtedly eat her. So all through life
she goes on swaying a turnip ahead
of his nose to make him go the same
as though he were a lanky mule. She
is a cheery little body, and she smokes
in her skirt when he is not by. The
stubborn husband is an interesting as-
pect.—London Standard

TAKE THE JUDGMENT OF THE CITY THAT KNOWS HOW CARS
are BUILT—and the STATE that KNOWS HOW CARS PERFORM!

There's no surer judgment, no more trustworthy advice to be had
anywhere than that of Detroit and the State of California.

IN DETROIT the city that produces three-fourths of the country's
cars—where people know cars from the technical and manufacturing
sides better than they do in any other city on earth—more Stude-
bakers were registered according to official figures in the year of
1915, than any other cars selling at more than \$500.

IN CALIFORNIA the State of wonderful roads and weather—the
State where people have more miles of good roads to drive over and
more opportunity to use their cars than in any other State in the
Union—the official figures for the year of 1915 showed 15,718
Studebakers registered—2,895 MORE than any other car listing at
more than \$500.

California KNOWS cars from use on the roads—Detroit knows cars
from having the bulk of the industry centered in its limits. Both
have made Studebaker favorite by a long lead. What better judg-
ment can YOU follow in buying? And the reason is simply that
every time a man makes even the barest comparison of a Studebaker
with other cars, he finds that to get as much power, size and qual-
ity as a Studebaker offers, he must pay from \$250 to \$400 MORE.
So they're buying Studebakers—and SAVING that \$250. Why don't
you see the cars—then go make that \$250-saving comparison.

SENIOR GIRLS BANQUETED

"Do Your Best Class" of Presbyterian Church Entertains for Them

A banquet in honor of Miss Marion Opsahl, Miss Josie Swanson and Miss May Squires was given by the "Do Your Best Class" of the Presbyterian church, at the home of Mr. and Mrs. Henry Squires, Tuesday evening. About twenty members and friends of the class were present, the guests of honor being those members who will graduate from the high school this year.

The banquet was served in the dining room, which was decorated in blue and white, the D. Y. P. colors. The supper was enjoyed by all. Various toasts were given.

Mrs. D. A. Haggard spoke of the influence of the class on the lives of its members. Miss Mary Hughey gave the class prophecy, foretelling many interesting events in the future of each girl. Miss Marion Opsahl, president of the class, gave a review of the various outings, parties and good times enjoyed by the class.

The evening passed quickly and pleasantly and will be a memorable one to each girl present.

"THE CHURCH AND THE MASSES"

Series of Sermons by Rev. H. G. Stacey Dealing With Live Topics to be Presented

"Never was it more important for the church to face the fact that the mass of our people are outside the influence of all religious organizations," says Rev. H. G. Stacey of St. Paul's Episcopal church. Who is to blame? The man in the street answers without hesitation, "The church." Why? Various reasons are given. A prominent labor leader says: "The churches are presenting a caricature of the world instead of the real Christ." Again commercialism, not religion, is a keynote of the churches existence. Her methods are out of date, the church is not progressive. The pulpit is decadent. The church is branded with cowardice and hypocrisy. If this is true (?) who is to blame? Are not the people outside the churches somewhat to blame? The remedy lies in their hands. Why not get into the churches and alter all this.

The Rev. H. G. Stacey will preach a series of sermons dealing with the question, beginning next Sunday evening. The subjects will be as follows: "The Church and the Masses," "The Notes of the New Age," "Has the Church Lost Grip," "What is the Church's Business?" "The Church's Attitude Toward Democracy."

Men are especially invited to St. Paul's church next Sunday evening. The IIs cannot be remedied by simply blaming the churches. It can be shown that the church in general is the most democratic institution in the world and Jesus the greatest social and labor leader. It is a striking fact that some of the greatest labor leaders in the industrial world acknowledge Jesus as their leader and the inspirer of all their efforts towards social and labor reform.

Women to Declare War on Democrats

(By United Press)

Salt Lake City, May 11.—Women voters of the country here today considered whether the pen, after all, really is mightier than the sword. Unless the pen shows results shortly they say they are going to declare war with the political sword on the democratic party. This was the decision contemplated by the conference. They threaten to organize a women's party, which they claim will hold the balance of power in the November election, and fight the democrats—unless the democrats "some across." Cruelty to that child of the suffragists, the national amendment enfranchising women, is the charge laid by the delegates today against democrats who have held the amendment in committee and threaten to keep it there. If the child is not dressed in a new cloak of approval by committeemen and brought before the house for consideration—favorable consideration—this summer, the women say there will be new hands in the congressional pork barrel after November. A delegation of women, following the two day meeting here will be sent on to Washington to deliver this message. They will be on a suffrage special with the 23 envoys who just wound up a tour of suffrage states, whipping the women into line. They will be met at Washington by crowds of supporters. The biggest demonstration yet at the capital awaits them, according to press agents. Both parties have promised strong suffrage planks in their platforms. This doesn't satisfy the delegates. They want real action.

Arraigns "Bejewelled Women" Who Coddle Dogs, Not Babies, in Wartime

London, May 10.—Denouncing childless women, "befuddled and bejewelled," who coddle pet dogs in war time, Rev. Bernard Vaughan, Catholic author and lecturer, declared in a speech at the Mansion House: "The cry 'Back to the Land' is not so important as 'Back to the Home.' The cradle is empty and the church bench is empty. The church bench is empty because the cradle is empty. When I was a boy the birth rate was 37 to 40; today we have dropped to 19.5 per 1,000 population. We are a nation traveling to the cemetery. Never was the marriage rate so high; never the birth rate so low, and that at a time when the cry is to replace the men we are losing. It is not the men, munitions or money we want. It is the mother we need today and shall need more and more."

Cost of Living Ten Cents a Day

(By United Press)

Barberton, O., May 11.—Grim necessity and Mrs. Cretia McIntyre, 62, have battered the high cost of living down to ten cents a day. The dime covers food, clothing, fuel and other necessities of life. Since Nov. 14, 1915, Mrs. McIntyre's income has averaged ten cents a day. Though hindered by rheumatism, she makes her own way, sewing, washing, and peddling household articles. Despite her financial handicap, Mrs. McIntyre is cheerful. She said today: "I will make more this summer, when my rheumatism is better and I can work faster. I guess I can stand it a little longer. I'm not going to live to be as old as Methusalem."

She has struggled with adversity for 28 years. Her diet consists chiefly of rolled oats, cornmeal and skimmed milk. She buys six pounds of rolled oats for a quarter, cornmeal at two cents a pound, skimmed milk at five cents a gallon. Mrs. McIntyre makes herself oatmeal pancakes in the morning. What is left she fries in the evening and makes some corn mush which she eats with a little skimmed milk. Occasionally she has an egg. In the last six months this economist has spent \$1 for coal and \$1.50 for kindling wood.

STATE GEOGRAPHICAL NAMES AND THEIR HISTORICAL SIGNIFICANCE

(Prepared by the Minnesota Historical Society for the United Press)

(Kandiyohi County)
The Dakota name for the buffalo fish is "dandi" and this combined with "ohi" meaning "arrive," was applied by the Indians to a lake in this county. These fish spend the greater part of the year in the large rivers but at their spawning season, they travel in immense numbers to the lakes at the head of the small streams. The county, established in 1858, was named from the lake. In pronunciation the name should be accented in the first and last syllables and the vowel should be long as in ice.

Value of Lake Traffic Greatest in History

(By United Press)
Cleveland, May 11.—Traffic on the Great Lakes will be the greatest in history, this season, George Marr, secretary of the Lake Carriers' association, told the United Press today. Prosperity makes shipping. The estimated total value of the traffic this season will be \$1,250,000,000, as against a record mark of \$950,000,000 last season. The 500 freighters in the Great Lakes fleet, of which 80 per cent is managed in Cleveland, will be taxed to capacity. The following estimate compiled by Marr shows what is expected in six main lines of freight this year as compared with 1915:

1916, Iron ore, 55,000,000 tons; 1915, 47,500,000 tons.
1916, Coal, 35,000,000 tons; 1915, 26,000,000 tons.
1916, Grain, 14,000,000 tons; 1915, 9,000,000 tons.
1916, Lumber, 475,000,000 feet; 1915, 460,000,000 feet.
1916, Flour, 20,000,000 barrels; 1915, 15,000,000 barrels.
1916, General merchandise, 2,000,000 tons; 1915, 1,595,000 tons.
With the increase in traffic, freight rates have advanced. On iron ore rates have advanced from 45 to 50 cents net a ton; on coal from 30 to 35 cents net per ton. On grain the rate had advanced from two cents to six cents per ton.

Among the larger fleets on the lakes are: Pittsburgh Steamship Co., a subsidiary of the U. S. Steel Corporation, with 100 freighters, some of them 600 feet long; Interlake Steamship Co., 52; Cleveland-Cliffs Iron Co., 22; Hutchinson and Co., 25; Great Lakes Transportation Co., 19, and W. H. Becker, 17.

Coeur d'Alene Miners Get Gold Bonuses

(By United Press)
Wallace, Idaho, May 11.—Nearly \$125,000 in gold was received here today to be distributed among 4000 miners in the Coeur d'Alene district as a bonus for their work during the month of April. The bonus for each miner amounts to about \$1 a day.
The bonus system, adopted by the mine operators February 1, is governed by the prices of the metals produced—mostly gold, copper and silver. For March the miners received 75 cents a day bonus. Merchants throughout the mining district report that business has practically doubled since the inauguration of the bonus system.

WILL NOT AGREE TO PROPOSITION

Mexico Wants Part of American Force Withdrawn.

NO PROGRESS BEING MADE

Conferences on the Border Are Delayed Pending the Arrival of Instructions to General Obregon From President Carranza.

El Paso, Tex., May 11.—A request that part of the American troops in Mexico be withdrawn to the border at once and that the remainder be left in Mexico to co-operate with Carranza forces in the Villa pursuit will be the next proposal of General Obregon, Carranza's war minister.
This was indicated after negotiations over American troop dispositions had made no progress.
General Obregon awaited word from General Carranza as to the course he is now to pursue and when instructions did not come a conference which had been proposed was postponed.
The Mexicans believe the size of General Pershing's army is out of all proportion to its mission—the extermination of a few hundred bandits—and that a much smaller force would answer the purpose.
A partial withdrawal, it is argued, would have a good political influence in Mexico.
If this plan is rejected, it was indicated, the Mexicans are likely to decide further attempts to alter the position of the United States unless and it is believed they will then agree to the proposals of the American government.

In an authoritative quarter the belief was expressed that General Obregon will endorse the tentative agreement, with perhaps a few minor changes.
Generals Scott and Funston are unalterably opposed to any change in the tentative agreement which might set a date for American withdrawal from Mexico.

NO CHANGE AT WASHINGTON

Officials Will Not Agree to Withdraw Troops.

Washington, May 11.—Officials here believe it unlikely President Wilson will accept any agreement looking to the withdrawal of the American troops to their own side of the line, even with promises that a complete patrol of the Mexican side would be established by the de facto government.

There is nothing to indicate that the president is inclined to change his decision that General Pershing's forces will remain in Mexico until the de facto government has demonstrated beyond question its ability to control the situation there.

RELATIONS OFTEN BROKEN BEFORE

Severance Does Not Always Mean War Will Follow.

OTHER DIPLOMATIC CRISES

United States and France Severed Relations During Administration of George Washington and War Was Near at Hand, but a Peaceful Settlement Was Finally Effected.

By ARTHUR W. DUNN.

Washington, May 11.—[Special.]—The severance of diplomatic relations is not a new thing for this country, as such ties have been frequently broken in the past. However, in the majority of cases where foreign ministers have been sent home by the United States the action followed individual indiscretion of the ambassador and was not the result of disagreements between the two nations.

The present crisis, however, is the first with Germany. For over a hundred years the relations between the two countries have been most cordial, and trade relations had grown to enormous figures before being reduced by the outbreak of the European war.

The Case of Citizen Genet.

A situation somewhat similar to the one now faced by the United States and Germany arose during the administration of our first president. This was the case of Citizen Genet. The Frenchman traveled from one part of this country to the other campaigning for sympathy for his own country and rousing factional and racial strife. This was at a time when France and England were at war. So ardent was he in his campaign that he finally wrote an insolent letter to President Washington. France was requested to recall him, and his passports were handed him, but he never returned to his native country. He had married an American girl and lived the remainder of his life in seclusion in this country.

Another Break With France.

Another diplomatic breach with France came near resulting seriously a few years later, when this government signed a treaty with England which France claimed was too favorable to the British. They even saw a secret alliance between the two countries. Gouverneur Morris, the American minister in Paris at the time, was handed his passports, and, while the international situation was as tangled as it is today, the two countries did not go to war. James Monroe was sent to France to succeed Morris, but he aggravated the situation, the tenaciousness of which had been increased by the capture of an American ship by a French privateer.

As a result the French ambassador in Washington was asked for an explanation and, failing to give a satisfactory one, was handed his passports. Charles C. Pinckney was sent abroad as the successor of Monroe, but France refused to receive him until her grievances had been righted. Here the two countries were actually on the verge of war, but French domestic troubles and the passing of time made it possible to escape hostilities.

These are only the earliest diplomatic breaks, and several of minor importance have occurred since, and in no case has war resulted.

Legislative Compromises.

During the discussion of the Philippine bill Senator McCumber of North Dakota criticized Senator Clarke of Arkansas for consenting to changes in his amendment.

"Legislation is a matter of compromise," responded Clarke. "If nobody were to be consulted but the senator from North Dakota and myself we could arrange this bill very quickly."

"And I think we would arrange it about right, too," responded McCumber. "We would probably get rid of the Philippine Islands at once and for all time and in a proper way."

Just there you get it. If one man could have his way he could legislate just right. It is the other obstinate eleven fellows who are in the wrong."

Mann Did Not Object.

Congressman Dickenson of Missouri recently asked to have printed in the Record a memorandum by Franklin K. Lane, secretary of the interior, answering the question, "Why does the Democratic party deserve the continued confidence of the country?"

"I shall not object," said Republican Leader Mann, "but it will take a good many such articles to convince the people of the country."

"A Drowsy Senate."

Senator Vanderman of Mississippi, from a point of view which takes in the whole senate, has concluded that it is "drowsy." Beginning a speech, he said, "It seems to me that anything I may say on the bill would be like a twice told tale vexing the ears of a drowsy senate."

And he said little about the bill, but he did say a great deal about preparedness and against the hysteria of war fright.

A Serious Charge.

"The present postal savings bank law as now operated is a robbing farce," so declared Congressman Howard of Georgia. He thinks that nothing could be more absurd than to limit postal savings in view of the fact that many people want to use the system.

BARROWS ITEMS

Capt. W. J. Nichols Takes Charge of the Rowley Mine on Monday

Barrows, Minn., May 11.—T. E. Dahlheim and family of Duluth, arrived in town the last of the week and will make their future home here. Mr. Dahlheim is taking charge of the townsite company's buildings and property here, and it is understood that the houses are all to be put in first class condition which gives evidence of "something doing" here in the near future.

John Chisholm of Crow Wing, transacted business at the bank here Wednesday.

The Barrows Mining company commenced operations Monday morning at the Rowley mine with Capt. Nichols of Brainerd in charge. Capt. Nichols is a thoroughly experienced mining man, having been in charge of several mines in the past, among them the old Barrows mine here formerly operated by the M. A. Hanna company. Mr. Nichols reports that he expects to have the shaft down to ledge in a very short time. Additional machinery and materials have been ordered and work will be rushed with all possible speed.

The dance at Peck's hall here Saturday evening was attended by a large crowd, a large number coming out from Brainerd. Music was furnished by Dr. Jamieson's orchestra from Brainerd and was immensely enjoyed and all report a splendid time.

H. E. Kundert of the Brainerd State bank, was in town on business Wednesday.

G. B. Whitehouse left Wednesday for Hibbing where he will work at the carpenter trade for a time.

C. A. Olson of Brainerd, was in town Wednesday looking after business matters.

G. S. McCulloch of Long Lake, and F. G. Fredstrom of the Sixth street farm, were visiting friends in town Sunday.

Work is progressing rapidly on the state road between Barrows and Crow Wing. A large crew of men are at work, several teams and scrapers as well as the big tractor operating two graders, is kept working every day. The road is getting in fine shape and with a little top dressing will soon be in the best of condition.

CHAMBER OF COMMERCE MEETS

Announcement Read of L. P. Hall, President of County Federation of Farmers Clubs

CLUB QUARTERS ARE LEASED

Lowry Smith, Superintendent Northern Pacific Tie Plant, Explains Wood Preservation

The Chamber of Commerce regular meeting was held on Wednesday evening and the most important business brought up was the announcement of L. P. Hall of Bay Lake, president of the County Federation of Farmers Clubs, enumerating the various cash prize offers for exhibits of farmers and farmers clubs to be held in Brainerd. The entire announcement is given space in another column. It was greeted with applause.

The house and social committee announced the closing of a lease for three years of the present club quarters in the Iron Exchange building at \$800 per year, which was ratified by the Chamber.

A discussion was started on summer resort advertising of Crow Wing county. Secretary Hansing called the attention of the club to the need of literature on the subject to be used in answering queries. J. A. Thas, suggested having the three counties of the Mille Lacs-Leach Lake-Jefferson Highway association join in the advertising. It was said that Mille Lacs county had literature of its own. A. L. Hoffman suggested that a Duluth man get out a book on the subject.

The suggestion was also made that the agricultural committee cooperate by having its state fair literature include references to Crow Wing county summer resorts.

Secretary Hansing said many of the summer tourists would be satisfied with a good place to eat, to sleep, to fish, avoiding style, and coming here to get close to nature.

George Trent, Sr., said in going after summer resort business, the best trade should be catered to. He said there was no real summer resort hotel in the county. He referred to Lyeon's hotel at Bemidji, and others built catering to \$4 and over a day business. The wealthiest people wished the best accommodations and would pay accordingly. As far as advertising the smaller resorts, not many of them would spend any money on the project and jealousy on their part would prevent many from associating in the same book.

One hotel in Alexandria got out its own advertising book costing \$500. In compiling a book, said Mr. Trent, care should be taken to state facts only, avoiding elaboration or exaggeration. A special committee

was appointed by President Henry I. Cohen, to investigate advertising Crow Wing county summer resorts. George Trent, Sr., was named chairman and his associates, John F. Woodhead, Dr. J. A. Thas, Dr. Werner Hemstead and R. M. Sheets. At Mr. Woodhead's suggestion notice is also to be paid roads of the county.

O. A. Peterson called attention to the Parker Waite property on Sylvan lake, a desirable summer resort location and a spot for a summer hotel contiguous to Brainerd.

President Henry I. Cohen again voiced the need of more houses in Brainerd to take care of the growing population. Rooms, flats, houses were growing scarcer. Every one was glad Brainerd was enlarging, but provision should be made to house people who were unable to immediately build their own homes.

There was a report on subscribing for space in the Brainerd Baseball Score Card, the meeting of the public and finance committees called suggesting \$25 be appropriated. The book has already been printed.

President Cohen announced the first of a series of talks by members of the Chamber of Commerce on subjects which each had mastered as his life work. He introduced Lowry Smith, superintendent of the Northern Pacific railway company tie treating plant in Brainerd.

Smith gave a very comprehensive exposition of the work of timber preservation. The cause of the treatment, he said, was not always due to the scarcity of timber, but to the expense of replacement. Common ties must frequently be replaced. Dock piling, timbers, etc., had to be replaced and in some cases the cost of replacing large piling on the Pacific coast ran as high as \$200 to \$300. On the ocean docks piling was 125 feet long.

Preserving timber was an art practiced by the ancients. The first step was charring sticks of the stockade, so that action of the earth on the wood was thereby retarded and the life of the wood lengthened. Mummy cases of cedar in the museums showed the Egyptians knew secrets of wood preservation.

In 1838 occurred the first big developments in wood preservation, treatment by creosote and by chloride of zinc. In the United States 114,000,000 cross ties have been used annually the past five years. The Northern Pacific railway uses every year 2,500,000 ties. On the sound the marine borers and other ocean bugs and insects, some attaining a length of six feet, play havoc with untreated piles. Proper treatment of piling, timber of barges, etc., prolongs its life and discourages the ravages of the tribe of timber destroyers. The creosote oil used is made from coal tar distilled at 400 to 670 degrees Fahrenheit.

Three processes are used in timber preservation.

FILINGS FOR LEGISLATURE

Four in the Race for Representative of Crow Wing County, Four Towns Represented

J. J. TUCKER DID NOT FILE

Fort Ripley Man Intended to Run for Representative-at-Large, the Commissioner Filings

State, congressional and legislative filings closed on May 10 and the list this morning shows four entered in the race for representative of Crow Wing county from the 53d legislative district.

John A. Oberg of Deerwood, filed shortly after Edward R. Syverson of Ironton, present representative, announced his withdrawal. Mr. Oberg is the present county commissioner from the fifth district and has made a creditable record for his district.

D. C. Henderson of Nisswa, filed early in the season. He has been conducting an active campaign throughout the county, speaking frequently.

F. A. Lindbergh of Crosby, has served as village attorney of the range town and is well and favorably known.

Hilding A. Swanson of Brainerd, is the junior member of Swanson & Swanson, lawyers, and filed late on Wednesday evening. It is his first race for office.

For representative-at-large, from Crow Wing and Morrison counties, C. W. Bonck of Royalton, has filed for re-election. He is well known to his constituents.

The Little Falls Transcript states that J. J. Tucker of Ft. Ripley, was in Little Falls Wednesday. He had intended to go to St. Paul to file as a candidate for representative-at-large from this district, at the request of Crow Wing county men, but decided that he will not enter the race.

May 30 is the last day to file for county commissioner and judge of probate. The first district, third and fifth districts will have elections.

Herbert V. Flansberg of St. Mathias, has filed for re-election as county commissioner of the first district. He has worked faithfully to represent his district.

The fifth district takes in the range and is at present represented by John A. Oberg of Deerwood. It is said O. J. Carlson of Deerwood, is about to announce himself a candidate. Mr. Carlson has a wide acquaintance, is interested in farming and mineral lands and in an exploration company.

The third district includes the fourth and fifth wards of Brainerd. It has been represented with credit for many years by John A. Erickson, chairman of the board of county commissioners for successive terms, who will undoubtedly file for re-election.

For judge of probate Judge J. T. Sanborn will undoubtedly file to succeed himself. He has given a splendid administration, pleasing to the people and to all attorneys having business in his court.

BRAINERD'S ODDEST STORY OF TODAY

The afternoon passenger train for St. Paul is one train which leaves on time, right on the dot. Today the train started out and was half way down the platform when the brakeman gave a hurried yank at the bell cord and stopped her quick.

A lady ran hurriedly the length of the train.

"Step on here, madame," said the polite brakeman.

She passed him. The conductor was now on the platform, the engineer was craning his neck on one side of his cab, looking for signals, the fireman held his scoop poised to shoot in another shovel of coal. All was taut attention on the part of every trainman, politeness and watchful waiting exemplified in every movement.

And the lady—

She tripped down lightly to the mail car—

And mailed a letter.

VERNDALE PLAYS HERE ON SUNDAY

Fast Game Assured Brainerd Baseball Fans, Opponents Have a Strong Lineup

BENDA TO BE IN THE GAME

"Cook's Colts" Will Step Lively and be in at the Finish, Verndale Importing Pitcher

Koering field will be the scene of another hard fought battle Sunday when Brainerd and Verndale line up for the second game of the season. Verndale always visit Brainerd with a strong line-up and Sunday their team will be stronger than ever, and Cook's Colts will have to step lively to be in at the finish.

The Verndale management is importing a strong pitcher and one of Brainerd's Colts will work against him, so the game will be an uncertainty from start to finish. These uncertain games are just what Brainerd fans are looking for and a big crowd is sure to be on hand to encourage the home team to bring home the bacon.

Brainerd will be further strengthened by the addition of their regular shortstop as Benda has made a favorable adjustment with the management and will be in his regular position Sunday, and his added hitting strength will greatly assist the boys in getting the long end of the score.

Cook has not picked out his youngster to work in the box as yet, but which ever one is used can be depended upon. The team is fortunate in having some fine young pitching material and, in Bert Frank, they have a great receiver of ability. Frank's arm was not used much Sunday as Atkin held it in great respect and took no chances in pilfering any sacks, however, the fans saw enough of it to know what kind of an arm he has. Frank will be behind the bat again Sunday.

Shorty Bratten, the new outfielder, also showed to advantage last week and so did Ingund and Clark, Speedwell recruits. The new men all looked good at the bat and Brainerd appears much stronger in this capacity than in former years, and Verndale will need a great pitcher to keep Brainerd in the no-run column.

Verndale's line-up will be here tomorrow and the fans are waiting anxiously to see just what the boys have to beat Sunday. The band will march to the grounds and will do their share to help bring home another victory.

NOTE—The Verndale line-up was received in this afternoon's mail and is:

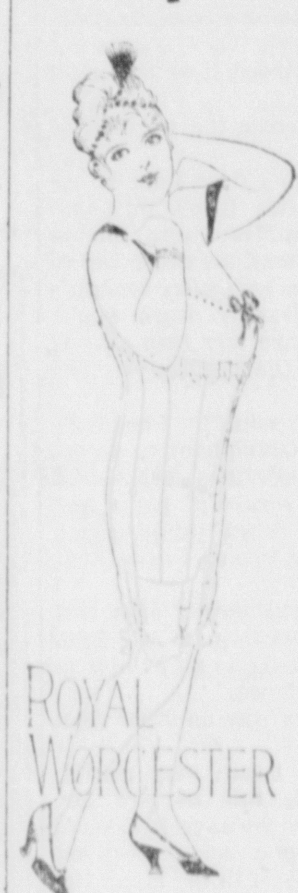

Adams, first base.
Petit, second base.
Hodgins, third base.
Fox center field.
Lloyd, right field.
Heed, left field.
Russ, shortstop.
Gilmartin, pitcher.
Walter, catcher.
